Transition

Transition and change can be challenging for many children, particularly those with additional needs. At our school, we work hard to ensure that every child's transition is as smooth and positive as possible. This half term, all children have spent the morning with their new teacher in their new classroom, helping them become familiar with their new environment and routines. Staff have also held thorough handover meetings to ensure that important information is shared and that children receive the support they need from the very start of the new school year.

Our Year 2 pupils will also receive a "Getting Ready for KS2" booklet to help prepare them for the move to Key Stage 2.

Where additional transition support is needed, I will be in touch with families and new class teachers to arrange further meetings and ensure that appropriate plans are in place.

We are committed to working together to make this transition as successful as possible for every child.

September

If you would like to arrange a meeting with me as SENDCO in September, please contact the school office once we return after the summer holidays. The office team will be happy to arrange an appointment at a convenient time.

I look forward to working with you and supporting your child throughout the new academic year.

ILPs

New Individual Learning Plans (ILPs) will be shared with families during the autumn term. These will outline your child's targets and the support in place to help them make continued progress.

Enoy!

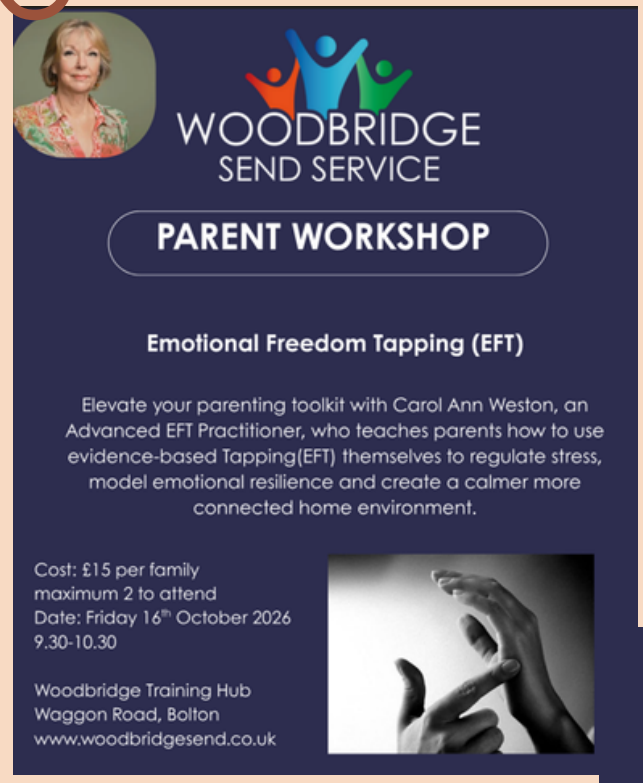

We wish all of our families a wonderful, relaxing summer break.

We hope you enjoy spending time together and we look forward to welcoming everyone back in September.
